(X) = Not Applicable

¹ Total money income is the algebraic sum of money wages and salaries, net income from self-employment, and income other than earnings.

² Households with a foreign-born householder are defined as foreign-born households, regardless of the nativity of the other household members.

³ The majority of those born in 'Central America' are from Mexico.

⁴ Households in which at least one member is related to the person who owns or rents the house (householder).

⁵ In married-couple households, sub-region of birth refers to the householder.

⁶ No spouse present.

⁷ All characteristics based on 2004 data except income which is based on 2003.
